

**Table #                      Informational Booth**

- 1        Interdisciplinary Center for Biotechnology Research
- 2        Cell & Tissue Analysis Core
- 3        Powell Gene Therapy Center Core Facilities
- 4        Molecular Pathology Core
- 5        Electron Microscopy Core
- 6        Advanced Magnetic Resonance Imaging & Spectroscopy Facility
- 7        Nanoscience Institute for Medical & Engineering Technology
- 8        College of Engineering Research Service Centers
- 9        Center for Structural Biology
- 10      Center for Epigenetics Supply Center
- 11      CTSI Regulatory Knowledge & Research Support Program  
          CSTI Clinical Research Center
- 12      CTSI Biorepository  
          CSTI Personalized Medicine Program
- 13      CSTI Integrated Data Repository
- 14      CTSI Training & Professional Development Program  
          CSTI Research Design & Analysis Program
- 15      CSTI HealthStreet
- 16      Animal Care Services
- 17      Office of Technology Licensing
- 18      High Performance Computing
- 19      Office of Research
- 20      Office of Postdoctoral Affairs
- 21      HSC Libraries Biomedical & Health Information Services
- 22      Research Administration & Compliance
- 23      Interdisciplinary Program in Biomedical Sciences
- 24      Howard Hughes Medical Institute Science for Life
